- D. EVALUATION DATA:  
Viewer Confidence (H/M/L): \_\_\_\_\_  
Evaluator's Estimate: \_\_\_\_\_
- E. SESSION SUMMARY:

Site was open and spacious. I felt that I was outside. There was an object that was round. There was another object that was triangular in shape. I felt that the individuals were looking down at a natural environment. When the individuals moved, it looked as though they were walking sideways. The color orange was predominant at the site. Water was at the site. I could see brown or black walkways that were made of wood. Site seemed transitional at times.
